their 1958 dues are urged to do so as soon as possible so that the unit may reach their quots of 211. Mrs. Weathers, Mrs. Biehl and Mrs. Romanoff will pick up dues.

A sew and exciting use for versatile nonfar dry milk is whipped topping. Noets dry milk wnips easily gives you snowy mounds of furly history—but with only a fraction of the calories and for a fraction of the cost of whipped cream.

What a wonderful way to transform everyday desserts into tempting family treats! Simple gelatin desserts fruit, or cake alices immediately take on a party glamour when garnished with whipped non-fat dry milk topping.

fat dry milk topping.

Because nonfat dry milk is easy to store, needs no refrigeration; and takes only minutes to prepare, you can serve it often to bring new sparkle and vitality to your menus. Whipped topping can be prepared in an almost end-less variety of flavors to flatter every type of dessert. Here are some suggestions from the Mary Lee Taylor Test Kitch-

SECOND STREET - FROM STATE STREET TO DEMONTLUZIN AVENUE

LARGEST CIRCULATION IN HANCOCK COUNTY Calered is Second Class Matter in the Postoffice at Bay St. Louis Act of March 3, 1879.

CONGRATULATIONS

We are taking this occasion to offer our heartiest congratulations to Mr. and Mrs. Joseph R. Scharff on the opening of their new, ultra-modern Jitney Jungle Food Store, which will open for business tomorrow morning, Friday, November 28, with the most complete stock of foodstuffs ever offered for sale in a food store anywhere.

Mr. Scharff is the type of enterprising man who helps to build a community in which he lives, because he has faith in the future of that community. And to prove this he is willing to invest his hard-earned dollars to help his fellowmen by constantly striving to improve his standard of living by giving him something better than he has ever had before.

This modern store is equipped with every type of modern equipment designed to preserve the quality and freshness of every item offered for sale to the buying public. It also embodies every modern convenience for the comfort and safety of the customer, from the time he enters the store until his departure.

Certainly, all through his careful planning for this super store, Mr. Scharff has left nothing undone to insure the comfort, safety and convenience of his customers, and to make available to them sufficient quantities of highest quality merchandise at all times.

Although Bay St. Louis can boast of a population of approximately about 5,000, this modern structure would do ample justice to a city of a hundred thousand or more, which once again proves Mr. Scharff's faith in the future of the community in which he lives,

Again we offer our sincere congratulations to Mr. and Mrs. Joseph R. Scharff, and hope that others will follow their example.

His newspaper went on the air in Sep. www. TV went on the air in Sep. went of the country cent of the employers have the caving the University of career, also included several years. and promotion program which brings the story of the healthful and refreshing values of dairy products to millions of persons each year, As part-time executives the dairymen control an organization which has become one of the leaders in the complex world of advertising, sales promotion, merchandising and public re-

American Dairy Association advertisements, extolling the virtues of all dairy products on a nonbrand basis, are seen and heard with convincing frequency in newspapers, radio, television and magazines. Each advertisement has but one goal-to expand the market for dairy products.

In Mississippi, American Dairy Association activities are managed by Sam H. Gunter with headquarters in Jackson. Dairymen who head the state organization are: President, Boswell Stevens, Macon; Vice-President, W. M. Maxey, Jr.. Brandon; Treasurer, Carlton Carpenter, State College, and Secretary, T. D. Martindale, State

In addition to the state office, the dairymen also employ a staff of trained advertising, merchandising, research and public relations experts at the national headquarters in Chicago. They also employ an advertising agency which is responsible for creating and placing the advertisements and commercials. Even though these city employees handle the details of advertising and promotion work, the policies and sales goals are determined by the nations dairymen who send elected representatives to twice-yearly meetings at which these policies and goals are formulated.

Through their efforts to inform urban consumers of the virtues of farm products, the dairymen members of the American Dairy Association are making a continuing contribution to better understanding between the rural and urban segments of our society.

the expansion of his staff will enable Channel 4 viewers to receive "the most complete and comprensive coverage to bring them"
